# ABOUT NATUREBRIDGE

NatureBridge offers transformative, multi-day environmental science programs for K-12 students in the awe-inspiring settings of our national parks. As the National Park Service's largest overnight education partner, we're proud to bring learning to life in **Yosemite National Park** and **Golden Gate National Recreation Area** in California, **Olympic National Park** in Washington and **Prince William Forest Park** in Virginia.

For over five decades, we've connected more than 1.6 million students to the wonder and science of nature through hands-on exploration and outdoor discovery. Each year, we welcome hundreds of schools and tens of thousands of students to our programs in nature's classroom, sparking curiosity, confidence, and a lifelong connection to the natural world.

None of this would be possible without our sponsors and donors. Thanks to your generosity, **35% of our schools receive scholarship support.** Scholarships ensure access for young people who might not otherwise have the chance to hike through forests, engage in meaningful, uninterrupted time with their classmates, or learn firsthand about climate and conservation.

Your sponsorship makes these moments possible. It opens the door for students to unplug, venture into the outdoors, and return home with stronger peer connections, a deeper sense of self, and a renewed vision of what is possible. Together, we are shaping the next generation of environmental stewards, and we're grateful to have you as a partner in this important work.

NatureBridge is a 501(c)(3) non-profit organization—tax ID number 94-2145930. Learn more at [naturebridge.org](http://naturebridge.org).

# JOIN NATUREBRIDGE AS A SPONSOR

Over the years, we have been fortunate to receive outstanding support from our corporate community. We would be honored to count you among the dedicated partners who recognize the profound impact a NatureBridge-led outdoor experience can have on a student—both in the moment and for years to come.

Meet some of the generous supporters helping make these experiences possible:

As a sponsor, you help open the door to unforgettable experiences for students across the country:

- Hiking to magical Marymere Falls in **Olympic National Park**
- Snowshoeing beneath the sequoias of **Yosemite National Park**
- Trekking through the woodlands of **Prince William Forest Park**
- Discovering marine life along the coastline of **Golden Gate National Recreation Area**

These shared adventures aren't just fun—they're transformative. They spark awe, build resilience, and foster a lasting connection to nature and to each other. For many students, it's the beginning of a lifelong journey that is rooted in stewardship, curiosity, and a sense of belonging in the natural world.
