Busses: Turn right into the Circle X parking lot or back in adjacent to the NPS Ranger Station.

Personal Vehicles: Once you enter the Circle X Ranch parking lot, park right where you turned in and our staff will direct you from there. Visitors can take the dirt road to the left as it winds a bit to the right down to the single story cinder block building probably with cars parked in front of it. The office is at the back of the building. If you get to the campground, you have gone too far. Come back up the road and the Ranch House is on the left

Note:

Be sure all drivers have a copy of the directions and a map. GPS and internet directions are not always reliable and are difficult to follow. (Busses do not use Hwy 23 or Sycamore Canyon Rd.) Please call us at 310-774-5990 if you need further instructions or assistance.
